FMS Policy Compliance Review

Random Sample of FMS CLSSA and Non-CLSSA Requisitions > 330 Days Old

Interviewed Approximately 50 Item Managers

Do you know how to identify a Programmed CLSSA Reqn?

Do you know how to process a Programmed CLSSA Reqn?

Do you understand the policy? Is it written clearly?

Is there anything you would change in the policy?

Do you have any ideas on how to give the FMS

Results ***FMS Policy Compliance*** ***Review***

Training Was Needed To Identify Programmed CLSSA

- January 2000 Training was Given to All IMs**

- FMS Desk Guide Was Given Out to Identify All FMS Reqn**

FMS Automated Backorder Review Report

▮ FMS Backorders Greater Than 180 Days Old

- ▮ Both CLSSA and Non-CLSSA Backorders**
- ▮ Both BB and BV/BZ (Direct Delivery) Backorders**

▮ Sorted by Item Manager's ORC

▮ Benefits

- ▮ Visibility of Aging FMS Backorders**
- ▮ Visibility of Delinquent Contracts**
- ▮ Visibility of Aging Purchase Requests (PR)**

Backorder Retention Program

▮ Looks at FMS Type 5 Backorders

▮ After Requisition Reaches the Age of Production Lead Time of the NSN or 120 Days the Backorder Converts to Type 1

▮ Example:

▮ PLT of NSN = 60, Reqn will convert to Type 1 after it reaches 60 days old.

▮ PLT of NSN = 200, Reqn will convert to Type 1 after it reached 120 days old.

▮ FMS Requisition is Then Processed the Same as US Force Requisitions IAW UMMIPS and Priority
